

Graphs::marshall

```
graph LR; A[Graphs::marshall] --> B[IO_Exception::set_file]
```

A diagram showing a call from the `Graphs::marshall` function to the `IO_Exception::set_file` method. The `Graphs::marshall` node is a gray rectangle on the left, and the `IO_Exception::set_file` node is a white rectangle on the right. A blue arrow points from the right side of the gray rectangle to the left side of the white rectangle.

IO_Exception::set_file
